

Planmeca dental stools

Optimum
support and
mobility

Planmeca Lumo™

A form that follows you

Our anatomically designed **Planmeca Lumo™** dental stool is an excellent ergonomic choice. Its smoothly rotating wheels and multitude of adjustment possibilities ensure optimal working positions for users of all heights and sizes. The stool provides outstanding support and comfort even during the longest workdays.

Complete adaptability

- Enables smooth movement on all kinds of floors
- Height-adjustable backrest provides lower back support for users of all sizes
- Forward tilting seat minimises the strain and pressure on thighs
- Flexible seat slider provides more space for larger users
- When enabled, synchro backrest follows your every move

Perfect match with your Planmeca dental unit

- The aesthetics and design of **Planmeca Lumo™** uphold the Planmeca standard
- Match with your Planmeca dental unit – choose any colour from our upholstery selection

Extensive
adjustability

Planmeca Olo™

Gives your back the best position

Planmeca Olo™ saddle stool is the newest member of our stools selection. Planmeca Olo gives the back its most natural position during the treatment sessions. The height is easy to adjust for different users. The incomplete circle shape of the foot ring allows close proximity to patient and other stools when needed. The exceptional design of the seat features handles and the uniform design contributes to perfect infection control.

Complete adjustability

- Natural position for your back
- Easy height adjustment for different users with the foot ring
- Optimally shaped foot ring enables close proximity to patient and other stools
- Adjustable seat angle for best possible working position
- Uniform design for perfect infection control
- Free rotating casters for smooth movement on all kinds of floors

Perfect match with your Planmeca dental unit

- The aesthetics and design of **Planmeca Olo™** uphold the Planmeca standard
- Match with your Planmeca dental unit – choose any colour from our upholstery selection
